HYPERION PERFORMANCE MANAGEMENT SOLUTIONS EXPERTISE

Optimum has a wealth of experience deploying the latest Hyperion Performance Management solutions for our customers across numerous industries and functional areas. Our industry-leading Hyperion practitioners can collaborate with you to drive financial performance improvements by better aligning goals with metrics, increasing operational efficiency, mitigating compliance risk and improving data integrity and reporting accuracy.

DRIVE PROFITABLE GROWTH

Hyperion's suite of integrated performance management applications enable you to collect, organize, analyze and distribute information throughout your enterprise. By optimizing your information collection, delivery and analysis processes through the use of our consulting service and these applications, you will gain confidence in your information and realize profitable growth through better decisions based on timely, accurate, and relevant information.

Hyperion Performance Management Applications support data integration from multiple sources by leveraging the Oracle Business

Intelligence Foundation and Tools, which also allow users to take advantage of integrated dashboards, reporting and analysis tools.

OPTIMUM HYPERION INNOVATION LAB

Leverage Optimum's Hyperion InnovationLAB for a hands-on view of a fully operational Hyperion environment utilizing the latest release (Fusion Edition) in these solution areas:

Hyperion Planning

- Hyperion Planning is a centralized budgeting and forecasting solution that integrates financial and operational planning processes, and improves business predictability.

Hyperion Financial Management

- Oracle Hyperion Financial Management (HFM) is a comprehensive application that delivers global financial consolidation, reporting and analysis in a single, highly-scalable software solution.

Oracle Essbase

- Oracle Essbase enables your business to quickly and efficiently model complex business scenarios, providing an environment for rapidly developing custom analytic and enterprise performance management applications.
